

## Work on Great Junction Street – from 29 June 2026

We are changing streets in Leith with new community spaces and making it more comfortable for anyone walking, wheeling or cycling.

Following completion of construction at the end of last year we need to carry out some additional work to kerblines and the cycle track on Great Junction Street. Following this work the Kirkgate bus stop will be brought back into use.

The carriageway will be narrowed during construction but two way traffic will be maintained throughout. The cycle track on Great Junction Street will be closed. Footways will remain open at all times so access to businesses will be unaffected.

Due to the nature of this work there will be some noisy operations which we apologise for in advance.

## Further information and keeping in touch

Keep up to date with project information on our website [www.edinburgh.gov.uk/leithconnections](http://www.edinburgh.gov.uk/leithconnections)

For any urgent queries about the construction, speak to the team on site or contact Balfour Beatty on [LCSupport@balfourbeatty.com](mailto:LCSupport@balfourbeatty.com)

If you would like the leaflet in another format such as Braille, large print or translation, please contact the Interpretation and Translation Service email [its@edinburgh.gov.uk](mailto:its@edinburgh.gov.uk) quoting reference **24-1436-22**
